

Greg Scheig has 30 years of consulting and valuation experience with a focus on oil and gas companies and assets. Mr. Scheig has performed hundreds of valuations involving common stock, partnership units, reserves and financial derivatives. Assets valued have included:

- oil and gas reserves,
- mineral interests,
- working interests (operated and non-operated),
- exploration companies,
- oilfield servicing and midstream companies, and
- renewable energy projects including solar and wind power.

As an expert witness, Mr. Scheig has provided deposition and courtroom testimony in matters relating to energy-related company valuations, bankruptcy, economic damages, and utility regulatory matters in a variety of legal settings.
